

Lake Antoine County Park Beach Rehabilitation Project

The project features a 10' beach expansion and 370'L x 2.5'H block retaining wall with two stairways. It will stabilize the shoreline, discourage geese, and facilitate community use of the lake and view! Construction is slated for summer 2019.

Lake Antoine Park Partners is a 501(c)3 organization whose mission is to help improve and promote the Park. We were awarded a \$40,000 grant from the Toro Foundation, but need local match to complete the project. A campaign has been launched for folks to sponsor wall blocks at \$25 each, but additional funding and in-kind donations are needed and appreciated. Our goal is \$25,000. **How will you help?**

Checks may be made out to Lake Antoine Park Partners, PO Box 609, Iron Mountain, MI 49801. We have a secure online store for purchases: <https://store16073582.ecwid.com>.

We also have a link to PayPal on our Facebook Page.

For more info email: lakeantoinenparkpartners@gmail.com or call (906) 396-9843.

Representation (not exact) of the Donor Recognition Wall. Fish will be silhouettes of fish native to our area. Donor's names will be on the fish. Sizes will vary from Tier 1 (largest) to Tier 5 (smallest).
